

**Bradly J. Lincoln, PE**

Brad Lincoln is a registered Professional Engineer in the State of Washington. He has worked on transportation and traffic engineering projects such as Transportation Elements of Comprehensive Plans, Airports, large industrial/commercial developments and residential developments. Mr. Lincoln has also worked closely with several Indian Tribes within Washington State; completing such projects as the Long Range Transportation Plan, casino development, and commercial developments and is Indian Reservation Roads (IRR) certified.

Mr. Lincoln has worked on all facets of a project from initial client contact, budgeting, scoping, analysis, completion and presentation. Mr. Lincoln has presented information to a wide range of stakeholders and is able to communicate complex matters to lay-people. He has also served as an expert witness at legal proceedings and quasi-judicial hearings.

Mr. Lincoln is a strong leader who can communicate effectively as a project manager and as a team member. He is a principal at Gibson Traffic Consultants, Inc. and is the Vice-President.
