

**Matthew J. Palmer, PE**

Matt Palmer is a registered Professional Engineer in the State of Washington. He has worked on transportation and traffic engineering projects for commercial, residential and mixed-use developments. He has an emphasis in providing analysis for public and private schools, from elementary through high school. Mr. Palmer's work often includes interaction and communication with review staff and the surrounding community citizens.

Mr. Palmer has worked on all facets of a project from initial client contact, budgeting, scoping, analysis, completion and presentation. Mr. Palmer has presented information to a wide range of stakeholders and is able to communicate complex matters to lay-people. He has also served as an expert witness at legal proceedings and quasi-judicial hearings.

Mr. Palmer is a strong leader who can communicate effectively as a project manager and as a team member. He is a principal at Gibson Traffic Consultants, Inc. and is the Treasurer.
